

School Leader

New leadership role

Established in 1975, the Cottage School is a vibrant community of children, parents and teachers, providing education from Kinder to grade 6. Our children benefit from small class sizes and our focus on them as individuals. We nurture the natural curiosity of children because that engages and enthuses them and helps develop a life-long love of learning.

We are now looking for an experienced and committed person to assist us in the next chapter of our story.

A new position has been created to:

- Provide curriculum and program overview and to support the professional development of teaching staff.
- Manage the administrative, risk, financial and human aspects of the School and identify and implement improvements and efficiencies.
- In collaboration with the School community, lead our long term strategic 'School Futures Project' to provide a sustainable direction for the School.

This is a unique role and the successful applicant will be a motivated and experienced educational and management professional. They will hold educational qualifications and possess collaborative leadership and organisational development skills.
